You've got the skills. Your next career is out there.

Oakland County Michigan Works! and the Oakland County Veterans' Services Division invite U.S. veterans to participate in this special program, designed to help you find your next job. We provide more than just leads. Our staff, trained to work with veterans of all ages, offers a variety of services to aid in your job search. We act as advocates, connecting qualified veterans with employers in a variety of fields, all eager to hire those who served their country.

The Veteran Reboot Job Project provides valuable networking and support opportunities to connect you with each other and employers ready to hire. Each meeting will include an overview of the broad range of services and benefits exclusively available to our veterans at the eight Michigan Works! and two Veterans' Services offices in Oakland County.

In addition to covering a monthly topic and group discussion, each month a local employer who wants to hire veterans will join us to provide an overview of job opportunities available and the skills required. Veterans are encouraged to bring copies of their resumes to share.

There's no need to RSVP. Come to a monthly meeting and see if this program is right for you!

WHEN?

Meetings take place on the first Friday of each month, at the Oakland County Veterans' Services Division offices in Troy and Pontiac, 9 – 11 AM.
